Affected persons should call the FEMA registration line at 800-621-FEMA to apply, or visit the FEMA website at www.fema.gov.

For the disaster declared by President Bush on April 5th for storms of March 30-April 2, IA programs are available in one county (Pemiscot).

All categories of Public Assistance (PA) are now available for the storms of March 11-13 in 26 counties (Bates, Bollinger, Benton, Boone, Carroll, Cedar, Christian, Davies, Greene, Henry, Hickory, Howard, Iron, Monroe, Montgomery, Morgan, Perry, Pettis, Putnam, Randolph, Ray, Saline, St. Clair, Washington, Webster, Wright). Public Assistance is made available to state and local governments, as well as qualifying private non-profit organizations, to help offset costs incurred while responding to the disaster and to help offset costs of eligible recovery projects.

Categories A & B (Debris Removal and Emergency Protective Measures) of Public Assistance is available for the storms of March 11-13 in one county (Jefferson).

Categories A & B of Public Assistance is available for the storms of March 30-April 2 in three counties (Andrew, Pemiscot, Pettis).

PA Applicant Briefings began on Tuesday, April 11, 2006. Applicant Briefings allow representatives from local governments and qualifying non-profit organizations an opportunity to learn about the PA program and gain a better understanding on costs and work that could potentially be eligible for Federal assistance. Briefings are scheduled this week at the following locations:

- ❑ Pemiscot County—10am, SAT, April 16, 2006, Caruthersville City Hall, 200 W 3rd St, Caruthersville

The Army Corps of Engineers continues its initial assessment on a mission to provide temporary housing to displaced people in Pemiscot County. On Tuesday, a meeting was held between State and Federal officials on the placement of

mobile homes and camper trailers for temporary housing in the county (including Caruthersville, Braggadocio, and Deering). FEMA has activated a \$5 million pre-scripted "temporary housing" mission assignment for the Corps of Engineering (USACE). This mission assignment is 100% federally funded. FEMA and the Corps of Engineers estimated having campers and mobile homes in the area early next week. The Congressional Representative from the area attended these meetings and asked the efforts be expedited as much as possible.
